CHAIRMAN'S MESSAGE

Mahant Ravinder Puri

Chairman - Ramanand Institute of Pharmacy & Management

President - Akhil Bhartiya Akhara Parishad

President - Shri Mansa Devi Mandir Trust

President - SMJN PG College, Haridwar

Secretary - Panchayati Akhara Shri Niranjani

Everyone must share their responsibility of making the society educated. India has always been a land well known for education, whether it be the great universities like the Takshashila, Nalanda, Vikramashila and many more, or it be great Indian educationists like Chanakya, Swami Vivekananda, Swami Dayanand Saraswati and many others. To keep the great Indian tradition of educating everyone alive, irrespective of what caste someone belongs to, how much rich or poor someone is and which religion someone follows, in the year 2006" Shri Guru Niranjan Dev Welfare Society" was formed with a vision to educate those who cannot reach education.

Students must follow the never-ending process of "learning" throughout their life, as learning new things adds to our knowledge and moreover it increases our ability to accept new things, which is a

healthy for a fresh mind and a smart personality. Prime focus of a student should be on gaining overall exposure not just the bookish knowledge, because what helps in today's corporate world is not just the books but a personality to convince and communicate others.

It is the responsibility of the Parents also to make sure that their kids understand the family and social values. Parents must keep an eye on the daily activities of the kids, so that right and wrong must be told to them before it is too late to handle any situation. It is a healthy and comfortable atmosphere at home which primarily affects the mindset of a student.

I wish all the students a happy leaning at Ramanand Institute of Pharmacy & Management and all the best for their future ventures.

ABOUT THE INSTITUTE

Shri Guru Niranjan Dev Welfare Society made a strategic decision to open a campus in Holy City & Religious place Haridwar in India. And in 2008 the Ramanand Institute of Pharmacy & Management opened its doors.

We at Ramanand Institute of Pharmacy & Management are proud to be able to contribute with responsibility along with role of AICTE (All India Council for Technical Education) & Pharmacy Council of India (PCI) and affiliation with Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun, Sri Dev Suman Uttarakhand University, Badshahithaul, Tehri Garhwal and Uttarakhand Board of Technical Education, Roorkee.

Quality Education and developing professionalism meeting the challenging requirements of the various Industry segments is the aim here at Ramanand Institute of Pharmacy & Management.

Ramanand Institute of Pharmacy & Management is in a position to offer an innovative and higher technical education with best-built state of the art & ever developing infrastructural facility and highly & well qualified faculty members having exposures to education and various industries with positive & realistic approach

Eligible candidates will have to register themselves by filling up the prescribed form, available at office.

EDUCATION BEYOND CAMPUS

Industrial visit has its own importance in a career of a student who is pursuing a professional degree/diploma. It is considered as a part of curriculum. Objective of industrial visit is to provide students an insight regarding internal working of companies. We know theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work. After visiting an industry students can gain a combined knowledge about both theories, practical & numerous benefits. A seminar is a group meeting led by an expert that focuses on a specific topic or discipline, such as business, job searches or a university field such as literature. RIPM focuses on arranging seminars/conferences for its students, within its campus & also encourages its students to attend seminars organized by universities, industries.

- The admission to B.Sc (CBZ) programme will be as per the guidelines issued by the university from time to time. Admission is on the basis of merit of 10+2 (Senior Secondary). Eligible candidates will have to register themselves by filling up the prescribed form, available at office.

SPORTS & CULTURAL

Education is a journey that may take a number of years, however, that journey is not complete without two important components - sports and cultural activities/experiences.

Physical exercise is good for mind, body and spirit. Furthermore, team sports are good for learning accountability, dedication and leadership, among many other traits. Putting it all together by playing a sport is a winning combination.

RIPM sport openly encourages healthy competition so students can learn much more than simply 'winning and losing'.
